BOARD OF SUPERVISORS OF EAST FALLOWFIELD TOWNSHIP **2264 Strasburg Road** East Fallowfield, PA 19320 Appellee	LAND USE APPEAL

STIPULATION

AND NOW, this _____ of _____, 2009, Appellant T-Mobile Northeast LLC (hereinafter the "T-Mobile") and Appellee the Board of Supervisors of East Fallowfield Township (hereinafter "Township") in the above-captioned matter hereby STIPULATE and AGREE under and subject to the terms specified herein below (the overall agreement being referred to herein as the "Settlement Agreement" or "Settlement Stipulation") to approve the placement of T-Mobile's telecommunications equipment and antennas on the existing tower and within the existing compound located on the property (the "Property") owned by the Township, which Property is located at 2264 Strasburg Road, East Fallowfield, Chester County, Pennsylvania and is further identified as Parcel No. 47-8-10.01E on the Chester County Tax Map. Placement of the T-Mobile telecommunications equipment and antennas shall be in accordance with the site plans (the "Plans") dated April 28, 2009, and last revised May 7, 2009,

prepared by CMX, the project engineers for T-Mobile. The Plans were admitted at Exhibit A-9 during the conditional use hearings on T-Mobile's conditional use application. The Plans are incorporated herein by reference as Exhibit "A".

BACKGROUND

1. T-Mobile is a wholly owned subsidiary of T-Mobile USA, Inc., with a principal address of 12920 SE 38th Street, Bellevue, WA. T-Mobile maintains a local business office in Pennsylvania at 400 Street Road, Bensalem, Pennsylvania 19020.

2. The Township is a township of the second class pursuant to the Second Class Township Code, which maintains administrative offices at 2264 Strasburg Road, East Fallowfield, Chester County, Pennsylvania 19320. The Board of Supervisors is the governing body of the Township.

3. The Property is owned in fee by the Township. It is approximately 2.38 acres in area. The Township's administrative offices and public services buildings are located on the Property, as well as a telecommunications tower as discussed below.

4. The Property is zoned PF – Public Facilities pursuant to the Zoning Ordinance of the Township of East Fallowfield ("Zoning Ordinance," as amended), and as shown on the official Zoning Map of the Township. The Zoning Ordinance is incorporated herein by reference.

5. The Township leases a portion of the Property to a tower management company, TowerCo Assets, LLC ("TowerCo"), by virtue of an ultimate assignment of lease from Nextel Communications of the Mid-Atlantic, Inc., to TowerCo. TowerCo owns and maintains an existing 150-foot tower on the Property and leases from the Township 1600 s.f. of ground space contained within a fenced compound around the tower.

6. TowerCo, as the owner of the tower and prime lessee of the ground space on which the tower is located, subleases space on the tower and within the tower compound to various wireless telecommunications providers.

7. TowerCo subleases space on the tower and within the tower compound to T-Mobile pursuant to a certain Site License Agreement dated May 7, 2009 (the "Sub-Lease"). The Sub-Lease is incorporated herein by reference and forms part of the record of proceedings below.

8. On or about May 15, 2009, T-Mobile submitted a conditional use application (the "Application") for its proposed collocation of nine (9) panel-style antennas on the tower and radio-equipment cabinets to be located at the base of the tower within the existing fenced compound.

9. The Township accepted the Application for processing under the governing ordinances of the Township. The Application filed by T-Mobile is incorporated herein by reference and forms a part of the record of proceedings below.

10. The hearing on the Application was held before the Board of Supervisors on June 23, 2009.

11. A subsequent hearing on the Application was held on July 28, 2009, at which time the merits of the Application were discussed and deliberated by the Board of Supervisors.

12. On July 28, 2009, the conditional use hearing was completed and T-Mobile's exhibits were received into evidence by the Board of Supervisors without objection. The record of proceedings was closed.

13. No one appeared in opposition to the Application during any of the hearings.

14. On July 30, 2009, the Board (by and through its solicitor) mailed a copy of the written decision (the "Decision"), which Decision granted approval of the Application subject to

certain conditions. The Decision is incorporated herein by reference and forms a part of the record of proceedings below.

15. The Board attached eleven (11) conditions to its approval of the Application. *See* Decision, pp.6-8. Particular to the underlying appeal and this Settlement Stipulation, T-Mobile has challenged the legal authority for the imposition of Condition No. 2, which provides:

> "The proposed concrete pad shall be located within the fenced in area of the Existing Facility outside of the 25' property line setback. If the Applicant cannot locate the proposed concrete pad within the fenced in area and outside the 25' property line setback, the Applicant may negotiate a lease to expand the fenced in area to allow the location of the proposed concrete pad outside of the 25' property line setback area and within the expanded security fencing."
> Decision, Condition No. 2, p. 6.

16. Condition No. 2 is based upon a literal reading of Section 1733.G of the Zoning Ordinance, which requires that telecommunications equipment be located at least 25 feet away from the property line.

17. However, Section 2105 of the Zoning Ordinance affords the Board of Supervisors the right and privilege in the exercise of its reasonable discretion to declare itself exempt from any provision of the Zoning Ordinance.

18. Following further discussion on the merits of the propriety of Condition No. 2, the parties hereto have come to an understanding relative to the treatment of Condition No. 2, so as to allow T-Mobile to proceed with the completion of its telecommunications installation on the Property.

19. The parties now wish to resolve any and all outstanding disputes regarding and/or arising out of the underlying appeal. This Settlement Stipulation shall embody the following terms and conditions and shall further incorporate the Plans.

A. GENERAL TERMS

Upon entry by the Court of the Order incorporating and accompanying this Settlement Stipulation, the Settlement Stipulation and Plans shall thereupon be deemed approved and T-Mobile shall thereupon be permitted to submit its building permit application for construction of its telecommunications facility on the Property in accordance with the Settlement Stipulation and Plans. In the event there is inconsistency or ambiguity between the terms of the Settlement Stipulation with any ordinance, statute or regulations, the terms of the Settlement Stipulation shall prevail and control. Furthermore, the parties hereto agree to work reasonably and cooperatively to achieve the specific terms of this Settlement Stipulation.

B. SPECIFIC TERMS

The specific terms of the settlement are based upon the understanding reached between the parties during discussions since the filing of the underlying appeal. The written terms of this Settlement Stipulation shall prevail and control over any verbal statements, representations or agreements heretofore made by and between the parties to the Appeal.

1. Condition No. 2 of Decision to be Stricken. Recognizing that the Township secures benefit from having the existing telecommunications facility located and operating on its Property, the Board of Supervisors, in the exercise of its reasonable discretion applied to the specific facts arising in this land use appeal, declares that Section 1733.G of the Zoning Ordinance regarding the need for a 25-foot setback from the side property line shall not be applicable to the placement of T-Mobile's telecommunications equipment. Upon consideration that the proposed T-Mobile equipment shall be located wholly within the existing fenced compound on the Property, that a sufficient vegetative buffer presently exists on the side closest

to the T-Mobile equipment and that relocation of the T-Mobile equipment to comply with the 25-foot setback referenced in Condition No. 2 will require a further unwarranted expansion of the compound onto un-encumbered lands of the Township, the Board of Supervisors has determined that the imposition of Condition No. 2 of the Decision is not appropriate at this time. Therefore, provided that this Settlement Stipulation is approved as an Order of the Court and the remaining provisions of this Settlement Stipulation are satisfied, T-Mobile shall be permitted to place its telecommunications equipment within the existing fenced compound in accordance with the Plans. However, any modification in the placement of such equipment shall require the further approval of the Township.

2. Amended Lease Agreement with Tower Owner. As a condition precedent to T-Mobile proceeding with the installation of its telecommunications equipment on the Property in accordance with the Plans, the Township and TowerCo shall execute and duly deliver an amendment to their underlying ground lease agreement upon terms and conditions mutually acceptable to the Township and TowerCo.

3. T-Mobile to Secure Building Permit. As a further condition precedent to T-Mobile proceeding with the installation of its telecommunications equipment on the Property in accordance with the Plans, T-Mobile shall secure a building permit from the Township and pay all appropriate fees related thereto. Prior to the Township's issuance of the building permit, T-Mobile shall demonstrate to the reasonable satisfaction of the Township its compliance with the remaining executory conditions of approval as specified in the Decision. The Township herein agrees to process the building permit in a timely manner.

C. MISCELLANEOUS PROVISIONS.

1. This Settlement Stipulation has been drafted and reviewed by counsel for the parties hereto, and accordingly, any ambiguities contained herein shall not be interpreted in favor of or against either party.

2. The signatories to this Settlement Stipulation warrant that they are duly authorized to execute and deliver this Settlement Stipulation on behalf of the respective parties.

3. This Settlement Stipulation shall inure to the benefit of and bind the Property, the parties hereto and their respective successors and assigns.

4. This Settlement Stipulation may be modified or amended upon mutual written agreement of the parties hereto absent amendment of the Court Order approving this Stipulation or further Court approval.

5. The Court of Common Pleas of Chester County shall retain jurisdiction of the litigation for purposes of enforcing this Stipulation.

6. Recognizing that this Settlement Stipulation is in lieu and a compromise of the litigation, the parties shall reasonably cooperate with each other to carry out both the terms and spirit of the settlement as provided in this Settlement Stipulation, including but not limited to the prompt review and timely issuance of building permits, occupancy permits and other local approvals as may be required.

7. In the event either the Township or T-Mobile fails to comply with any of the terms of this Settlement Stipulation, either party shall give the other written notice and the defaulting party shall have a period of 10 business days to remedy the default. If the default is not remedied within said period, either party may seek an order from the Court of Common Pleas

compelling compliance with this Settlement Stipulation or declare this Settlement Stipulation null and void by sending written notice of termination to the defaulting party.

8. This Settlement Stipulation shall be governed by the laws of Pennsylvania.

9. This Settlement Stipulation constitutes the entire agreement between the parties and supercedes any and all prior discussions, negotiations, understandings, and agreements. No party is relying on any representations or understandings which are not expressly set forth in this Settlement Stipulation.

10. This Settlement Stipulation may be executed in multiple counterparts, each of which shall be an original, and it shall not be necessary for all parties to execute the same counterpart, so long as each party has executed at least one counterpart.

11. The parties hereto agree that this Settlement Stipulation may be executed by the exchange of facsimile copies bearing the facsimile signatures of the parties.

Hello Denise,
Does the Township have an area wide Maintenance agreement for pumping of sewage? May I have a copy of it?
Also can we reserve the meeting room for December 3 at 10 am?
Here is a sample O and M that Dep has sent for Triple Fresh Market if you do not have one already.
Thanks for your help.
