

**East Fallowfield Historical Commission Meeting
September 12, 2012 Approved minutes**

Meeting opened at 7:00 PM

Present members were Garth Monaghan, Sue Monaghan, Arthur DeLeo, Fred Bissinger, Lee Schlingmann, Joe McCormick

Old Business:

Comments from Debra Rush concerning landscaping concerns shared by neighbor Ms. Richards regarding cell tower site on Fairview Road. Ms. Rush has suggestions for additional screening and maintenance of existing trees/shrubs as well as the need for attention to the hemlock trees fronting the enclosure. The suggestion of the Historical Commission to Ms. Rush in these matters was made to continue the discussion with the township engineer and Mr. John Tallman, project manager.

Mortonville Bridge 1) proposed stone facing along the parapets was discussed, with several estimates and logical factors included. Senator Dinniman's office was contacted again to seek further guidance in how best to proceed. 2) We wholeheartedly support the mounting of a plaque in honor of Paula Coyne's efforts at preservation on the east curving wall across from the vacant structure. With the BOS's tacit approval, this could be accomplished at no cost to the township.

Respectfully submitted,

Sue Monaghan
