**AN ORDINANCE OF EAST FALLOWFIELD TOWNSHIP AMENDING CHAPTER 18 OF THE EAST FALLOWFIELD TOWNSHIP CODE, SEWER AND SEWAGE DISPOSAL, PERTAINING TO CONNECTIONS TO PUBLIC SEWER REQUIRING THE ASSISTANCE OF A SEWAGE PUMP.**

**AND NOW**, this \_\_\_\_ day of \_\_\_\_\_, 2011, the Board of Supervisors of East Fallowfield Township hereby enacts and ordains as follows:

Section 1. Section 18B-102 of the East Fallowfield Township Code “Connection to Public Sewers Required” is hereby amended by amending subsection (3) to read as follows:

(3) Exception. Any existing residential living unit, as of the date of enactment of this subchapter 18B, which such living unit cannot make a connection without the assistance of a sewage pump, is exempt from the mandatory section of this subchapter 18B. However, this applies only to residential living units with functioning “on site” systems that have not been the subject of any Chester County Health Department or DEP violations or complaints. Any violations or complaints received from the foregoing agencies will automatically require the owner to purchase, install a pump, and make the connection to the sewer system. Living units with holding tanks are not exempt and will be required to make the connection. The installation and the pump purchased require approval and inspection by the Township/Authority Engineer. *Connection must be made no later than a change of ownership of the living unit.*
