

East Fallowfield Historical Commission  
July 2008 meeting

The board held its July meeting on Thursday afternoon the 11th to review the classifications of the East Fallowfield Historic Resources Inventory. The change in time was to have a quorum and to have available members' laptop computers to show the photos of the resources. Present were Sue Monaghan with computer, Lee Schlingmann with computer, Fred Bissinger and consultant Jane Dorchester.

We spent three hours reviewing the classifications of the over 350 items on the list. The meeting was adjourned to the following week for another 3 hours to complete the task. At our August meeting we will formally prepare our recommendations to the supervisors of changes to the list.

Respectfully submitted,  
Paula Coyne  
Chairman
